Ginger

The Animal Clinic of Kalispell is such a special place for professional, loving care of all pets! Dr. Jevon Clark, along with his entire caring staff are truly important to us, and like an extended family. We have two dogs with special health needs, and Dr. Clark has been extremely helpful with his expertise regarding their medical care as well as diet throughout their lifespan.

Everyone at the Animal Clinic is always able to answer questions and offer support through their genuine caring and kindness. They have adopted and assisted other animals in need from the local animal shelter, which also is supportive for our surrounding community.

Our pets are an important part of our family and bring us so much joy, and we feel very blessed to have such great, compassionate and professional care through The Animal Clinic of Kalispell!

Sincerely,
The Brandon Family
